Sunni Quran Sunni Holy Quran | Bible | Art | Bible Quotes | The Wisdom of King Solomon Sunni Quran Peace be upon you, O daybreak. Peace be upon you, O morning star. Peace be upon you, for the sake of God who has sent you to mankind. In you is a lesson for the believers: that you may announce good tidings and warn. God is enough

for a Judge; there is no need for a witness between you. God is knowledgeable about everything. God is witness between you that He is well aware of everything you do. God will gather the Muslims one day and inform them of everything that is in their record. God is well aware of everything you do, He will gather the Muslims one day and inform them of everything that is in their record. Do not despair of the mercy of God. Do not despair of His remembrance. He is well acquainted with everything

Calligraphy - Calligraphy is the art of Arabic handwriting. It can be as formal as an academic assignment or as casual as a love letter. "There are four rules for writing in an Arabic calligraphy script." - Sultan al-Jurjani, 11th-12th century The first and most important rule is that you must practise and preserve the unique style and character of each handwritten text. "If I wrote in a traditional manner and still felt that I wasn't expressing myself, I would never be satisfied." - Hamza Al Hassas, 21st century The four rules are simplicity, elegance, beauty, and perfection. In this website we have

many videos that will help you practise Arabic calligraphy with its different styles in an easy and practical way.
